## 10 days in Greece

I'm going to be backpacking Europe next year. I will be in Greece at the beginning of June. I have always been a huge fan of the Greek culture and going there is going to be one of the highlights of my trip.

Where are some good places to go that I can see a lot of Greece in my time frame (About 10 days). I'm not a huge tourist/museum person, I want to see the true culture, small towns, history, amazing old towns and structures.

Will I have time to go to the island and what are the costs of getting to and from the island approx.?

I will be going to Athens for a few days for sure but other than that I don't know where to go. I will be either flying or taking the ferry to Italy afterwards.

Thanks for any help anyone can give me.

I like the part about janitors vs managers. Makes me imagine Jobs calling in one of his VPs with a "You have failed me for the last time". Burning avi to dvd mac might as well put these stickers on every cell phone radio triangulation for signal strength, etc = location information.. PANIC!!

Earlier during prosecution's closing argument, Casey Anthony appeared mostly stone-faced for about the first 45 minutes, but she began to cry when Ashton said the story that Caylee drowned was also false. Video Convertidor Mac Ashton, the prosecutor, said Caylee's death wasn't an accident because three pieces of duct tape were placed on her face - one on the mouth, one on the nose and one over those to be "thorough." MP4 Convertidor Mac The case has played out on national TV since Caylee's disappearance in the summer of 2008 and continued through her mother's trial, with spectators traveling from all over the U.S. to jockey for coveted seats in the courtroom gallery. HD Video Convertidor Anthony, a single mother, was 22 when her daughter died. No one has come forward as the father of Caylee. WMV Convertidor Mac

Ashton began his closing argument by showing a video of Anthony playing with Caylee, causing Anthony to apparently choke back tears. But she quickly regained her composure. MOV Convertidor Mac He then told the jury that Anthony worried Caylee was getting to the age where she would have told Anthony's parents that the woman was spending her days and nights with her boyfriend - not going to work and leaving Caylee with a nanny. MKV Convertidor Mac "Casey is very bright," Ashton said. "Her lies are very detailed. ... But when Casey wants to do what Casey wants to do, she finds a way."

If you are going to Greece, then surely the Acropolis is in your top ten list because this is a very great historical site in the country. Here, you can see the Temple of Athena called the Panthenon. The perfect hour to visit the Acropolis is in the late afternoon, or you can even visit it early in the morning when it is not as crowded.
