## Easyjet and Aegean Airlines

I just bought a roundtrip ticket from Rome to Athens in April 2010 and paid \$140 US for it. This is pretty good, for a 2 hr flight. What can I expect from this airline/flight? Also, I am researching my flight from Athens to Santorini. The current price (with Aegean) is approx \$280 US roundtrip. Is this a decent price for a 1hr flight?? I got this price from skyscanner.net. Should I wait for a sale, or is this the best I can get for this flight? Also, what can I expect from this airline/flight? Are they usually on-time? I want to catch the 7am flight back to Athens in order to catch my 1050am Easyjet flight back to Rome (same day). Thanks!
