
Photography--Santorini

Posted by hellovn - 2009/11/05 04:27

I'm planning a 2 night stay on Santorini island in April 2010. I'm a scenic photographer and want to take the typical postcard photos of the white buildings on the cliffs with the sea in the distance etc etc (you know the ones!), and also of the blue-domed churches and maybe a windmill thrown in or two. Where are the best townsites/spots to take these photos without scads of telephone lines in the way? I was planning to book a room at the Shine Hotel in Imverogli (sp?) and it looks ideal except for those pesky telephone lines....Also, I heard there was a path linking Fira with Oia (another must-do, I think?). Is it harder to walk than the Cinque-Terre was in Italy or is it fairly easy? How long of a walk if I stop for lots of photos? I'm toting along my 73 yr old mother (who has climbed Huangshan mountain in China with me recently, so she survived it well enough). Thanks!

To those who recently bought the white iPhone, I'm curious to know how: does go a good protector of privacy protection against the white (front) surface? mts to avi converter That's crazy. - Omni 420 iphone app user

MINNEAPOLIS (AP) — The man in the middle of the bitter labor dispute between NFL owners and players is rarely happier these days than when he is carefully sliding a 40-pound rock down a 150-foot sheet of ice toward a painted target, with sweepers furiously brushing the path and steering the stone toward the middle.â€œç”»â€œ Mac U.S. Magistrate Judge Arthur Boylan was introduced to curling a few years ago, and can be found at one of two curling clubs in St. Paul three nights a week. Somehow it makes sense that one of most respected mediators in the country has become enamored with a sport that demands quiet concentration and a delicate touch to keep the game from spinning out of control. HDâ€œç”»â€œ Mac But Boylan's says it is the social nature of curling that appeals to the judge, even more than the strategy and patience required of something nicknamed "chess on ice." Quicktimeâ€œ Mac "The actual game is precise," Art G. Boylan said. "But I think it's the very collegial atmosphere that he really likes. During the games everyone on both teams is spending time together. He just enjoys it." Apple TVâ€œ Mac

Hi,

Greece also known as Hellas and officially the Hellenic Republic, is a country in southeastern Europe. Greece has land borders with Albania, the Republic of Macedonia and Bulgaria to the north, and Turkey to the east. The Aegean Sea lies to the east of mainland Greece, the Ionian Sea to the west, and the Mediterranean Sea to the south.

Thanks,

Situated along the edge of the cliffs are clusters of square, white washed houses. These are the villages of Fira, the capital of Santorini, Oia and Firostefani to name but a few. This is where many visitors to the island head to in order to enjoy the spectacular sunsets. For the photography lovers there are endless views and photo opportunities to behold.

Thanks,
